Subject: Conflict Minerals Compliance Statement

Dear Valued Customer,

Regarding Conflict Minerals Rule Adopted pursuant to section 1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 by the Securities and Exchange Commission (SEC). "Conflict Minerals" in this context refers to specific minerals originating from mines controlled by armed groups in the Democratic Republic of the Congo and/or the 9 surrounding nations. These specific materials in question are: Tin, Tantalum, Tungsten, and Gold.

Altemp Alloys is in full compliance with this legislation. Altemp Alloys has conducted a country of origin inquiry of its suppliers. It has been determined that minerals utilized by Altemp Alloys are necessary to the functionality and/or production of our products, however they do not originate from any restricted countries.

Should you have additional questions, please feel free to contact me.

Best Regards

Michael Williams
